- Agent(s) involved (including route of exposure and estimated dose)
- Date and time of exposure

In addition, for therapeutic enquiries

- Indication for treatment
- Proposed treatment (drug, dose, route, duration of treatment if known)
- Any treatments already tried

Please visit www.ukits.org for more information about the service.

Access to data is tightly controlled. UKTIS data collection and processing is covered by Section 251 of the NHS Act 2006 which means that patient consent is not required. However, health professionals are asked, where possible, to ensure that the women involved are aware that their personal information is being reviewed and that they are happy for it to be used in this way.
